

Dear Hiring Manager,

In my search for a new challenge where I can leverage my experience in training and instructional delivery, I was pleased to find Helimods opening for a Junior Software Engineer. Eager to learn more about this exciting opportunity, I have enclosed my resume for your review.

As my career profile illustrates, I am well-prepared to meet and exceed your expectations. Having experience as a Web Developer and passion for the software development and the desire to constantly improve both skills and solution that I work on. I am accustomed to the rigours of fast-paced, highly regulated environments requiring sharp attention to detail, consummate accuracy, and outstanding communication skills. If given the opportunity, I will work tirelessly to deliver similar results for Helimods while partnering with your staff to accelerate the achievement of your training and learning objectives.

Further, I would bring the following strengths to your team:

Adept at applying extensive knowledge of agile methodologies and effective training techniques to meet diverse sectors.

Highly proficient in devising and executing strategic plans for learning, executing and deploying.

Good Knowledge of Git and Heroku as version control and deployment respectively.

In me, Helimod will gain a diligent, goal-oriented professional with the agility, dedication, and focus required to successfully fill the role of Software Engineer. As such, I would welcome the opportunity to meet and discuss this opening in detail.

Thank you for your consideration. I look forward to hearing from you!

Sincerely,  
Ramesh Aryal
